1. THE PREMIUM WEBSITE BUILDER

Act as a premium website specialist. I want a stunning, interactive website for **[business type]** in 30 minutes. Give me: the exact sections I need, the design elements that make visitors feel it’s worth $10K, and the copy that motivates them to take action immediately.

2. THE FIRST IMPRESSION ENGINEER

Act as a website first-impression specialist. My site needs to impress visitors in under 3 seconds. Design my hero section: the headline that stops them, the subheadline that makes them keep scrolling, and the CTA that makes clicking the obvious next step.

3. THE CONVERSION PAGE COPYWRITER

Act as a conversion optimization specialist. Write my complete homepage for **[offer]** aimed at **[audience]**: the hook, the problem section, the solution reveal, the proof element, and the CTA that makes buying feel like the smartest decision they’ll make today.

4. THE PORTFOLIO CREATOR

Act as a portfolio website specialist. I want a portfolio for **[profession]** that makes clients contact me immediately. Design it: a project showcase that makes my work look premium, an About section that builds instant trust, and a contact CTA that makes hiring me effortless.

5. THE SERVICE PAGE COPYWRITER

Act as a service page copywriting specialist. Write my complete service page for **[service]** priced at **[$X]**: the headline that speaks directly to my ideal clients, the service description that makes the value obvious, and the booking CTA that makes saying yes feel completely natural.

6. THE ABOUT PAGE STORYTELLER

Act as an About page storytelling specialist. Write my complete About page for **[business]**: an opening that makes visitors trust me instantly, a story that makes my journey feel relevant to them, and a human element that makes them want to work with me specifically.

7. THE MOBILE OPTIMIZER

Act as a mobile website optimization specialist. My website looks bad on phones, and I’m losing customers because of it. Fix it completely: redesign the

layout so it feels premium on mobile, optimize button sizes so they’re effortless to tap, and improve loading speed to prevent visitors from leaving.

8. THE WEBSITE COPY SYSTEM

Act as a complete website copywriting specialist. Write all the copy for my **[business type]** website: the homepage headline, About section, Services section, testimonial suggestions, FAQ section, and footer CTA. Make every word earn its place.
